

Traid Fabco (<http://www.triadfabcoindustries.com>)

Product Highlights

Feature or benefit

- A standardized molded rebond part
- Fuer glue seams
- Zero virgin foam in critical head areas
- Our aftermarket School Bus Foam is constructed in the same manner as our OEMs
- Foams passed testing FMVSS standards
- We yest our molded backs on our flex fatigue tester and always find out rebound more durable than fabricated backs
- Our high density rebond does not soften or tear over the frame as other virgin products do
- During testing we consistently exceed 250,000 pulls on our rebond without failure
