Four-bolt design for easy installation and service

Design features for extended u-joint life:

- Triple lip seals protect against contaminants
- Nylon thrust washers eliminate metal-to-metal contact, preventing wear

Environmentally "green", since the need to grease the driveline is completely eliminated

Premium support for Permalube solutions

Top Movers - Meritor U-Joints

As a leader in driveline technology, Meritor offers an extensive line of replacement u-joints for light medium- and heavy-duty applications. The Meritor RPL was the first permanently lubricated driveline in North America while our MXL is the only 100,000-mile lube interval replacement product for 10-Series drivelines. The full line of Meritor Genuine, Meritor, and Mach u-joints are qualified to the highest industry standards.

- Common mounting platform on the cross-member or mounting bracket. No shimming or bracket changes are necessary to achieve desired alignment.
- · Unique design protects the bearings from contamination without the use of external deflectors.
- Backward compatible with previous Meritor or current competitive designs.
- · Slotted mounting holes provide more compliance for assembly by allowing for truck build tolerances.
- Patented Meritor design allows for three directions of bracket misalignment. For a comparison of the Meritor self-aligning center bearing vs. the competition, see the diagram below.
- +/- 5° of vertical angularity, +/- 4° degrees of horizontal angularity and +/- 1/4" fore and aft allowed, thanks to rubber cushion pivots in the bracket.

Product	Years	Mileage
MXL	2	Unlimited
RPL	2	Unlimited
All Other	1	Unlimited

Standard Meritor Aftermarket Warranty.

We warrant all new parts for one year from date of shipment to the buyer against defective material or workmanship (but not against damage caused by accident, abuse or improper installation, maintenance or repair) when such parts are used on vehicles the specifications of which have been approved by our Engineering Department.

As the exclusive remedy under this warranty, we will, at our option, repair or replace such parts free of charge, or take back the nonconforming parts and refund the monies paid by buyer for such parts, if found on examination by us to be nonconforming and if any necessary return charges are prepaid.

If it is necessary to return any parts under this warranty, buyer agrees not to make any deduction on account thereof from

Buyer Objections and Seller Response

Question:

Another example objection or question

Is the Meritor driveline portfolio only limited to heavy-duty driveline parts?

Answer:

Meritor has a full line of driveline components such as: U-joints, weld yokes, end yokes, slip yokes, spline plugs and center bearings for applications from Class 8 trucks down to automotive/light truck series including 4x4 vehicles.

Question:

Does Meritor offer Spicer's SPL Parts?

Answer:

Meritor offers U-joints, End Yokes, Weld Yokes, Midship Stub Shafts, Tubing, Sleeves and Yoke shafts for 170 & 250 SPL series drivelines.
