### **Product Highlights**

Innovative engineering, manufacturing technology and quality control ensure that Spectra Premium charge air coolers meet or exceed the performance of the original equipment they replace.

Welded tube design to minimize pressure drop and maximizing heat dissipation in order to achieve maximum engine operating power.

Precisely engineered cast-aluminum tanks for a perfect fit.

Built with premium grade materials to ensure product quality and durability.

OE design to ensure exact fit, form and function for an easy installation.

All units are leak tested to ensure a damage-free unit at installation.

**Anti-corrosive coating** 

Every unit is pressure and fit-tested.

#### **General Product Information**

Spectra Premium Industries, a trusted name in the cooling industry since 1950.
