

ALLIANCE PARTS

Alliance Steering Gear

Steering gears for every make, model, speed, and ratio, regardless of vehicle age.

Product Highlights

Recovery process uses OEM approved processes.

Complete disassembly, while maintaining original components together.

Two-step, proprietary process: steam cleaned, washed, shot peened, and wipe washed.

All parts Magnetic Particle inspected, allowing internal component damage to be seen.

Core, gear, and shafts measured to exact OEM specifications.

All wearable items are replaced with new.

Every product is thoroughly tested for the quality of the build and performance.

Every steering gear is fully tested under load, for proper movement.
